C R O S S THE C U R R E N T

Based on 2023-2024 CAMPI Sales Figures

CROSS THE CURRENT

When you decide on the Xpander Cross, you are not just entering a new world, you are crossing a new dimension in travel and mobility. You'll want to get ready to indulge in a world like no other: from a staunch, aggressive look, capable performance, to an interior designed for ultimate comfort no matter where you go. The Xpander Cross has redefined what it means to own an MPV and SUV crossover.

CROSS IN STYLE

SUV-inspired Exterior Styling Body With a sportier design, muscular wheel arches, and cutting-edge headlamps, the Xpander Cross' streamlined silhouette is designed to seamlessly shift from adventure to everyday life.

CROSSIN PREMIUM COMFORT

Once you hop in, discover a cabin that's surprisingly luxe, with high-tech features that make for a more comfortable and enjoyable ride. Let the Xpander Cross take you on a journey: one that will leave you feeling rested, content, and most of all, satisfied.

Horizontal Axis Dashboard Design with Soft-Touch Material

4-Spoke Leather Wrapped Steering Wheel

Engine Start/ Stop Button

8" Full Color LCD Meter

Digital Climate Control

The digital air conditioning comes equipped with a bonus: larger toggle switches that make driving much more comfortable. And when you need to rapidly cool down after coming in from the sun, simply press the MAX COOL button. With one click, enjoy cooling at full-power that keeps you comfy and cozy.

Quieter and More Comfortable Drive

Who wouldn't want a truly peaceful ride even when rolling through rough roads? Thanks to the engine noise suppressing insulators installed all around the engine room, and a soundproofing sheet placed within the windshield, road noise is kept to an absolute minimum you'll hardly hear a peep.

CROSS WITH CONFIDENCE

Enhanced Driving Dynamics Equipped with features that provide more confidence on the road, you can always trust the Xpander Cross to take you and your family wherever you please safely and securely.

Active Yaw Control

Active Yaw Control (AYC) allows you to maintain control in slippery and curved paths by optimally applying braking force to either tire side. What's more, you can see AYC in action on the LCD display meter.

Performance and Safety

Electric Parking Brake Switch with Brake Auto Hold

Don't worry about keeping constant pressure on the brake pedal; simply push the switch and start driving without having to press down your foot continuously.

Cruise Control

Drive long distances less fatigued with Cruise control, which helps you achieve your estimated times of arrival.

Tilt and Telescopic Adjustment

The steering wheel can be moved up, down, forwards, and backwards to fit your ideal driving position.

Improved Suspension

With the adoption of the same sized rear shock absorbers as an SUV, enjoy superior riding comfort and responsive handling even on uneven highways and bumpy roads.

1.5L In-Line 4 DOHC 16 Valves with MIVEC

The Xpander Cross delivers plenty of power without sacrificing fuel economy via Mitsubishi Motors' very own MIVEC engine.

Active Stability Control

With the ASC, the Xpander Cross follows your steering intention as it adjusts engine output and brake force.

Hill Start Assist

For peace of mind during stop-and-go uphill driving, the HSA holds the brake force for you until the accelerator is pressed so you need not worry about rolling backwards.

Reversing Camera

Enjoy extra eyes with a backing up camera providing additional safety and convenience whenever you maneuver rearwards.

Driver and Passenger SRS Airbags

In frontal collisions, SRS airbags help protect front occupants by absorbing impact force.
