

HOLY WEEK: A time to reflect and reenergize

Dear Valued Customer,

Unbuckle from the daily grind and prepare for a time of reflection. Holy Week is around the corner, and what better way than to spend it with loved ones.

For those who'll visit families in the province, it's important to prepare for the long trips ahead. Here are a couple of reminders for you to help make life better this season.

Loved Ones First

Choose to rest and recover, and spend time with your loved ones. Drive to a park with them. Visit new destinations. Try out new activities with them! Enjoy and make the week a revitalizing one.

Plan Trips Ahead

Staying ahead of the journey can go a long way. Make time and schedule your trips appropriately. Map out your path, ready your navigation devices, locate possible stopovers, and purchase what you need for the trip.

Drive In Tip-top Shape

Your car is the main vehicle for you to get from point A to B, so making sure it's functioning well can make your trip worry-free.

- 

Have your car fluids topped up
- 

Check your tire pressure
- 

Check your car battery's status
- 

Fill up your gas tank
- 

Inspect your car lights

Have a blessed Holy Week!

Sincerely yours,
Mitsubishi Motors Philippines
